PRESERVING OUR RESOURCES
APRIL, 2014 VOL. 22, NO. 4

WOODY HABITAT RESTORATION CONTINUES

We have added more sites and obtained a permit extension to complete more woody habitat anchoring in the upriver area between Orihula and Lake Poygan. Thanks once again to our major partners N&M Transfer (Tom Pawlacyk) and Jim and Brian Keller and all our membership and volunteers.

52 MORE WOOD DUCK HOUSES BUILT

Thanks to Vic Springstroh, Steve Lenz, Pat Gorshals, and all who showed up on March 1st for what has become the Annual Wood Duck House Building Day. We churned out 52 houses in about 3 hours. There was also a good supply of refreshments and nourishment. Great job everybody!

WALLEYE / FISH REEF PERMITTED - AND COMPLETED!

If there was one good thing about the Winter of 2014 it was that it made enough ice to get some rock out to the middle of the lake. Our costs were significantly lowered by being able to truck the rock out to the reef location instead of barging it during the Spring. The 25 by 100 foot project was completed in just three days. Thanks to the DNR for getting us a permit in a timely manner.

POYGAN BREAKWALL PERMITTING CONTINUES

We are continuing to address permit concerns for the Poygan Breakwall. We seem to be getting close to a point to actually getting some work there. As many of you know, the structure is key in guiding the Wolf River water back along its previous course instead of plowing through arguably one of the best water celery / wetland complexes on Winnebago System.

BANQUET COMING SOON

Be sure to look for your invitation and respond promptly. By all accounts, we have one of the best run banquets in the area. Sponsors are always a big part of our efforts. Please, help sign up a sponsor or consider a sponsorship.
